PROFESSIONAL EXPERIENCE

University of Pittsburgh – EDGE (Center for Excellence in Digital Education)
Instructional Technologist | 04/2026–Present

- Created the faculty-facing Pitt EDGE Technology Tools Canvas course, serving as a centralized hub for technology training, documentation, and support resources for instructional technologies.
- Developing a structured Instructional Designer Onboarding Program in Canvas, providing new hires with comprehensive training on design methodologies, project workflows, technology platforms, and departmental standards.
- Partner with team and faculty to design, develop, and improve Canvas courses for online, hybrid, and face-to-face delivery.
- Serve as a Canvas Sub-Account Administrator supporting permissions, course management, troubleshooting, and governance.
- Consult on educational technologies including Canvas, Accredible, Harmonize, Airtable, Lucid Suite, Respondus, ExamSoft, Microsoft 365, Copilot, and Google Gemini.
- Design and facilitate faculty development workshops and instructional technology training.
- Develop job aids, tutorials, course resources, and self-paced learning content.
- Support accessibility, UDL practices, learner engagement, and digital credentialing initiatives.

Cleveland Brothers Equipment / CAT
Technology Learning Specialist | 11/2023–04/2026

- Led learning enablement strategy for ERP (NAXT) and Microsoft 365 implementations.
- Created eLearning courses, ILT/VILT programs, training manuals, job aids, SOPs, process documentation, and onboarding resources.
- Designed role-based curricula supporting 1,400+ employees across 30+ locations.
- Partnered with SMEs and leadership to drive technology adoption and change readiness.
- Led Train-the-Trainer initiatives, UAT support, and go-live readiness activities.

Bidwell Training Center
Technology Instructor / Instructional Designer | 04/2007–11/2023

- Designed curriculum and instructional materials for adult learners and workforce development programs.
- Taught Digital Literacy, MS Office, Google Workspace, Business Communications, Research, Professionalism.
- Managed LMS environments and developed blended and online learning experiences.
- Led Chromebook and educational technology integration initiatives.
- Conducted needs analyses, curriculum mapping, assessment design, and course redesign projects.
